

## **Kids Parties**

An art activity party at the Kidogo Arthouse is a fun way to celebrate your little one's birthdays!

The format for the kids parties is an 1.5 hour activity lead by one of our tutors and then another half hour for refreshments etc. In total you would have the Kidogo studio for 2 hours.

The kids parties are \$275 for 10 children (this is the minimum cost), it is then \$27.50 per child thereafter. These prices include GST and all material costs.

We base our parties on fine art techniques, much like our kids art classes. For example we will usually start the party off with some drawing and progress on to either painting on canvas or creating a clay sculpture (out of paper clay which dries in the air).

Themes in the past have included under the sea, dragons and Australian animals. We are happy for you to decide the theme and we will tailor the activity around this.

If you let us know in advance your theme and preferred medium (paint/clay) we can get this all organised for you.

We are happy for you to use our facilities (kitchen, crockery etc) but we do not provide the refreshments, they would need to be organised and provided by you. However, we are right next to Fishing Boat Harbour and there are plenty of great fish & chip shops which are an easy way to cater for lots of kids!

I hope this information helps, please let me know if you would like to discuss anything further.
