KIDS' ART CLASSES

A big art experience for little artists

Kidogo Art Institute offers art classes for all budding young artists 5 – 11 yrs old.

Our art programs help kids develop fine art techniques and creative thinking skills...but best of all our kids are treated like artists from the start!

All of our classes are the real deal. Taught by real artists, they are designed to introduce kids to a variety of fine art skills & techniques - lessons may cover drawing from observation, painting with acrylics & watercolours, sculpture, printmaking and/ or mixed media – all in a warm, friendly, safe and FUN atmosphere.
